REPORT TO CITIZENS

This report will deal mainly with progress on items planned and budgeted for at the previous town meeting and other items that are still in progress from previous meetings.

Floridation of the town's water supply was stopped as a result of the vote at the 1985 town meeting.

A 1985 Ford "XL" E 350 type 2 Class One Emergency Medical Vehicle was purchased at a cost of \$28,510.00 to replace the 1976 Modular Type I ambulance.

The Northumberland/Guildhall bridge spanning the Connecticut River was completed in early summer of 1985 with an official dedication ceremony at that time. Final town billing on the bridge has yet to be received but will arrive in 1986 and town books on the project will be closed at that time.

The town's tax maps were updated reflecting changes that occurred prior to April 1, 1985 incorporating any corrections that had been brought to the attention of town officials by land owners.

A steam cleaner was purchased for \$3,000 and put to use at the town garage.

The annual property assessment pickups were completed by the Department of Revenue Administration. This effort helps to assure fair and equal tax assessment and helps to stabilize the annual tax rate.

The Northumberland Village sewer system could have been operational in the fall but the decision was made to postpone final startup until the spring of 1986.

Work under the Groveton Housing Assistance Program is winding down. A total of 34 living units have received funds for rehabilitation. The Maple Lodge property has been taken down. After several delays it appears that construction will begin on a 10-unit elderly housing project in the spring of 1986. Final approval on this construction has not, as yet, been received but is expected. The old "Red & White" block has been acquired and is scheduled for demolition in January or February of 1986. This project will provide space for off-street parking for emergency related vehicles and for others. Plans are underway for a second block grant to continue the housing project in town.

With the help of several citizen volunteers extensive work was completed during November to allow for street Christmas lighting to return to the Groveton Village area. Some new lighting and decorations were purchased with more planned for during 1986.

Thank you for you support and cooperation.

Ronald J. Gilbert, Town Manager

TOWN WARRANT

TOWN OF NORTHUMBERLAND
THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Northumberland qualified to vote in Town affairs:

You are hereby notified to meet at the Groveton High School Ryan's Auditorium in said Town on the Second Tuesday in March next, March 11, 1986, to act upon the subjects hereinafter mentioned. You are hereby warned that on said date and place the polls will be opened at 9:00 o'clock in the forenoon and will remain open until 6:00 o'clock in the afternoon for the reception of your ballots under the Non-Partisan Ballot system. You are also hereby warned that on said date and place at 7:00 o'clock in the evening the matter of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1.* To choose by ballot the following Town officers for the ensuing two years: One Auditor and one Moderator.

ARTICLE 2.* To choose by ballot the following Town Officers for the ensuing three years: One Selectmen, one Trustee of Trust Funds and one Library Trustee.

ARTICLE 3.* To choose by ballot the following Town Officer for the ensuing six years: One Supervisor of the Checklist.

ARTICLE 4.* To vote by ballot to see if the town will adopt the provisions of RSA 72:37 for the exemption, for the blind from property tax.

ARTICLE 5. To see if the Town will vote to appropriate the sum of \$2,000 to help defray the Eagles's Nest cut in funding from the Office of Drug and Alcohol Abuse. (Submitted on petition of 11 voters)

ARTICLE 6. To see if the Town will vote to appropriate the sum of \$1,575 for support of the Community Action Outreach Program. (Submitted on petition of 21 voters)

ARTICLE 7. To see if the Town will vote to appropriate the sum of \$1,500 from the water fund to cover the cost of engineering and equipment for corrosion control in the Groveton Village water supply.

ARTICLE 8. To see if the Town will vote to appropriate the sum of \$6,000 from the Revenue Sharing Account to cover the cost of a consultant engineer for the purposes of preparing a landfill closure plan and water quality sampling and analysis required for the final closure of the current town dump.

ARTICLE 9. To see if the Town will vote to appropriate the sum of \$6,500 from the Revenue Sharing Account to cover the cost of a consultant engineer for the purposes of identifying an approved alternate site for the disposal of stumps and clean wood and for metal storage and for estimating quantities of waste generated, costs for operating a lined sanitary

ARTICLE 10. To see if the town will vote to accept the roadway laid out in plan which represents the unpaved portion of Wemyss Drive beginning at or near the Ordzie property and extending to and including the cul de sac beyond the Oakes drive and to appropriate the sum of \$5,000 from Revenue Sharing for gravel and equipment hire to bring road to town specs.

ARTICLE 11. To see if the town will vote to appropriate the sum of \$2,000 for Christmas decorations.

ARTICLE 12. To see if the Town will vote to appropriate the sum of \$314.47 together with any interest accrued thereon and any reimbursements for funds already expended, from the separate water and sewer account, (said sum being the remainder of the amount of the new settlement received from EPA on the town's Sewage Abatement Project plus 1980 Revenue Sharing appropriation) for use by the selectmen toward the expense of study, planning or construction, or any combination thereof, of the storm drainage and sewer systems for Groveton Village, the sewage disposal system for Northumberland Village, and further, if appropriate, to use said sum as matching funds for any monies obtainable for such purposes from any state or federal source, the selectmen being hereby authorized to make application for funds for such purposes to any state or federal agency.

ARTICLE 13. To see if the Town will vote to appropriate \$1,000 to establish a special forest maintenance fund as provided for under NH RSA 31:113 to secure the services of a professional consulting forester to initiate forest management practices on Northumberland town forests.

ARTICLE 14. To see if the Town will vote to authorize the Selectmen to sell standing timber according to the forest management plan recommendations under the supervision of a professional consulting forester with the guidance of the county forester and to deposit these funds from this sale of timber in the above established special forest maintenance fund.

ARTICLE 15. To see if the Town will vote to accept the budget as submitted by the Board of Selectmen. (Refer to printed budget following articles.)

ARTICLE 16. To see if the Town will vote to adopt written welfare guidelines as proposed by the Board of Selectmen. Chapter 380 of the Laws of 1985 requires the Town to adopt written welfare guidelines prior to April 1, 1986. (Copies of the full text of the proposed guidelines are on file with the Town Clerk.)

ARTICLE 17. To see if the town will vote to tear down the grandstand located at Centennial Ball Field.

ARTICLE 18. To see if the Town will vote to authorize the selectmen to negotiate for the purchase of an existing building to house the town offices, negotiate for the construction of a new building on an appropriate lot to house the town offices, negotiate with our present landlord to provide handicapped accessibility so that the town might retain its present office space or to take any other appropriate action.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$15,000 to pay for wages of a fourth full-time police officer.

ARTICLE 20. To see what action the Town will vote to take on the following article submitted on petition of voters: We are asking petition for sewer line from McKenzie's Restaurant to the Scott house beyond to Jay Gould's on Old Stratford Road-Route 3.

ARTICLE 21. To see if town will vote to offer for sale bark mulch located on town property near site of the Groveton Village Sewer Plant. (Submitted on petition of 52 voters.)

ARTICLE 22. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year in accordance with RSA 31:95-b.

ARTICLE 23. To see if the Town will vote to authorize the selectmen to incur debts in anticipation of taxes of the financial year, such debts are incurred in order to pay current maintenance and operation expenses, and to issue notes therefore in accordance with the provisions of RSA 33:7.

ARTICLE 24. To see if the Town will vote to authorize the Board of Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deed at public or private sale, as the selectmen, in their sole discretion, deem equitable and just. (RSA 80:42, I and III.)

ARTICLE 25. To see if the Town will vote to establish a scale of discounts to be as follows: 3% if paid on or before June 1, 1986; 2% if paid on or before August 1, 1986; and 1% if paid on or before October 1, 1986. Discounts will be allowed on \$100 minimum payment.

ARTICLE 26. To see if the town will vote in instruct the selectmen to appoint all other officers as required by law.

ARTICLE 27. To hear reports of agents, auditors, committees, or other officers heretofore chosen and pass any vote relating thereto.

ARTICLE 28. To transact any other business that may be legally brought before said meeting.

*Articles 1-4 will be on printed ballots.

Given under our hands and seal the 10th day of February, 1986.

James C. Wemyss, Jr., Chairman
Shepard H. Mahurin
Harold E. Marshall, Sr.

Selectmen, Town of Northumberland

TOWN BUDGET

The proposed budget for the fiscal year 1986 is as follows: This is the Selectmen's budget prepared by the town manager and was modified and approved by the selectmen. Budget preparation is a continuous process and reflects public feeling especially as outlined at the annual public budget hearing. Many long, hard hours have gone into the budget's preparation and it is the feeling of town officials that this budget adequately addresses town concerns. An estimate of 1986 revenues is included.

AUDITOR'S REPORT

This is to certify that we have examined the accounts of the Selectmen, Town Treasurer, Town Clerk/Tax Collector, Water Collector, Library Trustees, Trustees of the Trust Funds, Municipal Court, Youth Center Commission, Senior Citizens Fund, Water Fund, Sewer Fund, and Chief of Police and found them correct with proper vouchers.

Brenda Simonds
Rebecca St. Cyr.

FRANCIS J. DINEEN
CERTIFIED PUBLIC ACCOUNTANT
LANCASTER, NEW HAMPSHIRE

To the Members of
the Board of Selectmen
Town of Northumberland
Groveton, New Hampshire 03582

We have examined the combined financial statements and the combining individual fund and account group financial statements of the Town of Northumberland, New Hampshire as of and for the year ended December 31, 1985, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset Group of Accounts which should be included to conform with generally accepted accounting principles.

We have not audited the Housing Assistance Grant program, because the grant administrator, North Country Council, had engaged another C.P.A. firm; unfortunately, their report was not available in time to be included in our report.

In our opinion, except that omission of the Housing Assistance Grant program and the General Fixed Asset Group of Accounts results in an incomplete presentation as explained in the above paragraphs, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Town of Northumberland, New Hampshire at December 31, 1985, and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole and on the combining, individual fund and account group financial statements. The accompanying financial information listed as supplemental schedules, which also includes the supplemental schedule of Federal Assistance, in the table of contents is presented for purposes of additional analysis and is not a required part of the combined financial statements of the Town of Northumberland, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined, combining, individual fund and account group financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Very truly yours,

Francis J. Dineen, CPA

February 21, 1986

LIBRARIAN'S REPORT

The circulation of books, records and magazines, including books we borrowed from other libraries, was 27,808. We added 678 books and records to our collection and we borrowed 227 books through the Inter-Library Loan System and a collection of books through the Northern Regional Office of the State Library in Twin Mountain. The circulation for borrowed books was 1,668. We presently have 1,476 registered patrons.

Twelve elementary classes and one high school class come to the library each week at a prescheduled time. We also have a weekly story time for preschoolers every Thursday morning.

The library hall has been used as a classroom for the high school Life Skills Center, as a courtroom on Monday afternoons and as a meeting room for TOPS, Al-Anon, Alcoholics Anonymous and Scouts.

A representative from 25 New England presses, Joyce Liptac, wanted to help Groveton after she heard about the school fire. She wrote to all the publishers she represents and asked them to send books to the high school. I was very pleased to be asked to act as "middle man" and to make arrangements for the delivery of these books. Last January, many boxes of new books, many of which dealt with New Hampshire history, were delivered at the Groveton High School.

In 1985, we were extremely fortunate to be part of three grants funded by the New Hampshire Council for the Humanities. These grants were: the North Country Historical Project, the Mill on Main Street project and a grant which Alice Morrison applied for to get a speaker from Ireland.

Through these three grants we were able to get several programs for the library. The most popular and most unique of these was "A Living From Logs: The Groveton Mills". This program was the only one to be funded by two grants and to be presented twice. We had an audience of more than one hundred at each presentation. Brad Smith, from the North Country Historical Project, prepared and presented this program. The James River Corporation and many local residents contributed photographs, postcards and information which were used to prepare this program.

The North Country Historical Project was funded by the New Hampshire Council for the Humanities and sponsored by the White Mountain School and the North Country Library Co-operative, of which we are members of. Through this grant we had: "Summer Folks: Images of the North Country Tourism During the Gilded Age", "A Living From Logs: The Groveton Mills", "Ski Troops: The North Country and the 10th Mountain Division of World War 11", and "Georgians to Gingerbread: the Architectural Heritage of the North Country".

During the month of May, we had the Mill on Main Street programs in Groveton. Twelve New Hampshire public libraries and historical societies were involved in this statewide project which was funded by the New Hampshire Council for the Humanities and sponsored by the New Hampshire State Library. The three programs we had with this grant were: "A Living From Logs: The Groveton Mills", "New Hampshire's 19th Century Mill Girls", and "Emigration". Two identical exhibits were on display during the month of May, one was at the library and the other was at the Groveton Banking Center of the Berlin City Bank. These exhibits had photographs, maps, postcard prints and stereoptic views to show how, over 200 years, New Hampshire mills have structured and profoundly affected political, cultural and social values.

I am very grateful to Alice Morrison who applied for and received a grant from the New Hampshire Council for the Humanities to get Donal Taheney, from Ireland, to be a guest lecturer in Groveton. Mr. Taheney is

a noted educator in Galway, Ireland and is a founding member of the Galway Humanities Association and the Old Galway Society. He currently lectures at the University College of Galway and has created a number of illustrated lectures on Irish history and literature. Mr. Taheney gave a program entitled "My Ireland" in the library hall on June 20. This program was sponsored by the New Hampshire School for Lifelong Learning and the North Country Education Services. Mr. Taheney's lecture was greatly enjoyed by all who attended.

The theme for our annual summer program was "Happy Go Library". Two sessions were held each Thursday for six weeks. The morning session was a film program for students in grades 1 to 6. Students were encouraged to read books during the week and to record them in their booklogs when they came to the program on Thursday. Films were enjoyed each week and at the end of the six weeks, a certificate of attendance was presented to all who participated in the program.

To encourage students to read mysteries and to increase the circulation of children's books, we had a "Follow the Red Dot Road" program during the month of November. Red dots were placed on the spine of mysteries and students were encouraged to read "red dot books". Students who read at least four "red dot books" earned a certificate which will be presented to them during a school assembly before the end of the school year.

Last year I was the co-chairman of the North Country Area Library Forum 1. Forum members are librarians and trustees from sixty-nine North Country libraries. Last August I became the Forum Representative to the New Hampshire Library Association and also a voting member on the association's executive board. Last November, I became the chairman of the Forum.

On November 19, I completed the required courses and became certified through the New Hampshire State Library. In order to meet New Hampshire Public Library Standards, all librarians who do not have a masters degree in library science are required to take and successfully complete the required courses within six years. I was able to start taking these courses before I became your librarian and consequently was able to complete the courses in three years.

I would like to take this opportunity to thank our library volunteers: Lois Peabody, Julie Russel, Cindy Achilles, Gale Delano and Diane White who were a tremendous help after our assistant librarian had quit and before a new assistant, Jessica Procter, was hired. Without their help the job would have been literally impossible. A very special thank-you to both Cindy Achilles and Diane White who continued to help after Mrs. Procter was hired and because of their help I was able to have more time to work on library programming.

Respectfully submitted,
Yvette Viger
Librarian

Town of Northumberland Report for the Year 1985

The police department has undergone many changes in our every day operations due to the study of the Matson Report. This has helped in many ways that are not noticeable to everyone. It has been more than helpful inside the police department with records and report keeping problems that we had.

The police department is also working with a group of people involved with court diversion for juveniles. This group would welcome more Northumberland citizens to take part in the program. Anyone who would like more information may contact the police department or call Program Director, Sid Southworth at 788-2909.

The police department would also like the citizens of Northumberland to know that we support the asking for another full-time officer as stated in the Matson Report. This would cut down on officers being on duty or call for twelve hours at one time.

The officers of the Northumberland Police Department would like to thank all of the citizens of Northumberland for their support and help during 1985.

Following is a summary of activity within the police department for 1985:

Activity	1985	1986	Change
Animals	310	297	- 4%
Bad Checks	152	169	+11%
Family	486	512	+ 7%
Juveniles	220	219	
Drunks	14	8	-43%

ACTIVITY	1984	1985	Change
Thefts & Unauthorized Entries	98	104	+ 6%
Bicycles	102	135	+32%
Motor Vehicles	698	749	+ 7%
Aid to People	207	215	+ 4%
Miscellaneous	311	327	+ 5%
Summons	285	280	- 2%
Warnings	871	916	+ 5%
Motor Vehicles Checks	604	721	+19%
Accidents	79	88	+11%
Defective Equipment	104	139	+34%
Criminal Arrests	75	69	- 8%

GROVETON VILLAGE PRECINCT

To the inhabitants of Groveton Village Precinct qualified to vote in Precinct affairs: You are hereby notified to meet in the Groveton High School Ryans Gymnasium in said Precinct on Wednesday, March 26, 1986 at 7:00 p.m. for the transaction of the following business:

ARTICLE 1. To choose by ballot, a Moderator to preside over said meeting.

ARTICLE 2. To choose by ballot, a Precinct Clerk for the ensuing year.

ARTICLE 3. To choose by ballot, a Precinct Commissioner for a period of three years, and any other officers, agents and auditors for the ensuing year.

ARTICLE 4. To see what sum of money the Precinct will vote to raise and appropriate for the payment of Precinct Officers' salaries, Fireman's salaries and payroll, and such other incidental expenses as may arise within the Precinct. (Recommended: \$26,595.00)

ARTICLE 5. To see what sum of money the Precinct will vote to raise and appropriate for the Collection and Disposal of Rubbish. (Recommended: \$17,000.00)

ARTICLE 6. To see what sum of money the Precinct will vote to raise and appropriate for the purchase of new hose and equipment. (Recommended: \$10,000.00)

ARTICLE 7. To see what sum of money the precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing a fire truck, said money to be deposited with the Trustees of the Trust Funds until needed for the new equipment.

GIVEN UNDER OUR HANDS AND IN SEAL THIS SIXTH DAY OF FEBRUARY, 1986.

Bradley Tetreault

REPORT OF TOWN FOREST FIRE WARDEN
AND
STATE FOREST RANGER

Between July 1984 and June 1985, we experienced more forest fires throughout our state than in any year in the last 50. Two of the leading causes of the 1,605 fires were children and fires kindled without written permission of a Forest Fire Warden. Both causes are preventable, but only with your help.

Please help our town and state forest fire officials with forest fire prevention. Contact your Forest Fire Warden for more information.

Enforcement of a state timber harvest regulations is the responsibility of State Forestry officials. Our state has excellent timber harvest regulations; however, your assistance is needed.

If you know of a logging operation and suspect a state timber harvest law may be violated, call your Forest Fire Warden.

If you own forest land, you will become responsible for the timber tax payment starting April 1, 1986. This is a change in the Timber Tax Law that will impact all forest landowners. Contact your Board of Selectmen for timber tax forms.

RECREATION DEPARTMENT 1985-86

The Recreation Dept generally had a good year. The skating rink got a late start but things are going well now. The summer program went very well-the swimming pool had a good season. Attendance was good. The pool staff organized many events through the season. One in particular was the day that all the children had a chance to use scuba diving equipment. The event was supervised by Ron Roy, licensed instructor, and equipment and air was supplied by Inland Divers. Ron had a number of certified divers to assist him, it was a fun day for every one. We hope to have this event at least once a year. The Arts and Crafts once again had a great year. There were many trips and field activities. All these activities could not take place with out a lot of people to help. The parents who support the recreation staff, our bus driver who made many trips so that every one could enjoy-these are just a few. It takes this type of commitment to make the programs work. A special thanks to the senior citizen group that completed the dug outs at the ball field and replaced the ceiling at the recreation building, as well as the Town crew that maintains our pool and building every year.

There is still a lot more to do. Both ball fields are in great need of repair, and we need some type of facility at the big ball field to replace the grand stand no longer in use. These are just a few areas of concern. We thank you for your support.

NORTH COUNTRY COUNCIL ANNUAL REPORT

Calendar year 1985 was a busy and productive year for the North Country Council as it continued to provide a wide range of assistance to towns and cities in the North Country.

The Council is a regional non-profit, public agency chartered under NH RSA 36:45 and is responsible for providing its member communities assistance in local community planning, economic development, solid waste, transportation and various other community services. Besides the direct assistance the Council provides each member community, it is an advocate for the North Country towns in legislative and funding issues at the state and federal governments.

In Northumberland, we continued to provide Housing Program administration along with technical assistance and information to town officials on master planning and solid waste disposal options. The Council also provided technical assistance to the school district on a potential Community Development Block Grant (CDBG) for handicap access and developed a second housing CDBG.

Economic development is an important part of the Council's overall agency mission. The year the Council produced a video promoting the North Country as "The Sensible Place to do Business". The video was developed to be a marketing tool to assist local development organizations publicize to southern New Hampshire businesses why the North Country is a logical choice of location. In October, the Council co-hosted with Governor John Sununu a development forum in Manchester to discuss with southern New Hampshire business executives the advantages of expanding to the North Country. Over 85 businesses participated in the affair and the response from the business community was very positive. The Council is now developing follow-up contact with interested businesses through the State Office of Industrial Development.

The Council again provided information and guidance to several towns on federal and state grant and loan programs. This past year saw well over \$2.0 million in Community Development Block Grant funds come to the region for such activities as housing rehabilitation, downtown revitalization, business revolving loan funds, and housing rehabilitation feasibility studies.

Community planning assistance has emphasized master planning and improvement in local land use controls. New state mandates and commercial and residential growth in several towns have created busy work loads for planning boards. The Council's assistance takes many forms: regional workshops, newsletter, regulation review and update, and assistance on a regular or one-time basis for subdivision and site plan applications.

The Council again co-sponsored the Municipal Law Lecture series with the NH Municipal Association. The Law Lecture this year covered such topics as local planning board procedures, court cases and state law changes regarding local land use planning. The Council also sponsored a separate Coos County Land Use Control Workshop which provided additional assistance to those local officials in the county.

Overall, the Council's major objective is to work with North Country towns is solving local and regional problems. We rely on and appreciate the involvement of town officials and residents and look forward to assisting your town this coming year.

PUBLIC HEALTH NURSING SERVICE, Inc.

MIDDLE STREET - LANCASTER, N.H. 03584
(603) 788-2366

TOWN OF GROVETON

Report 1985

Public Health Nursing Service has continued to serve the Town of Groveton since October 1976. The visiting nurse is available Monday through Friday from 8:00 a.m. to 4:00 p.m. on a regularly scheduled basis and evenings and weekends when special arrangements are made.

Skilled nursing visits include such activities as dressing changes, injections, colostomy care, blood pressure checks and health teaching.

Home Health Aides perform such functions as assisting with bathing, shampoos or following a treatment plan established by the physical therapist under the supervision of a registered nurse. In our new program, the Homemaker, under the supervision of a registered nurse assists with housekeeping, laundry, shopping and meal preparation. Most recipients are elderly and there are medical reasons for needing such assistance.

Children enrolled in our Well Child Clinics receive physical examinations, immunizations and dental care. Blood pressure clinics are held monthly.

The continued ability of Public Health Nursing Service to meet the health needs of our communities is dependent on the contributions of time, effort and appropriations to the Agency from the communities served.

Respectfully submitted:

Roberta Daycock, R.N., C, CNA
Director, Public Health Nursing

**OFFICIAL SCHOOL WARRANT
STATE OF NEW HAMPSHIRE**

To the inhabitants of the School District of Northumberland qualified to vote in district affairs:

You are hereby notified to meet in Groveton High School Ryan Gymnasium in said district on Saturday, March 15, 1986 at 2:00 o'clock in the afternoon to act upon the subjects hereinafter mentioned.

1. To hear reports of agents, auditors, committees, or officers heretofore chosen and pass any vote relating thereto.
2. To see if the district will vote to accept the provisions of the Federal and State School Lunch and to appropriate such funds as may be made available to the district under such programs as may be determined by the school board. Further, to see if the district will authorize the school board to make application for such funds and to expend the same for such programs as it may designate.
3. To see if the district will authorize the school board to make application for, to receive and expend in the name of the district such advances, grants-in-aid or other funds for educational purposes as may now or hereafter be forthcoming from the U. S. Government and/or State Agencies.
4. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents and for the payment of the statutory obligations of the district.
5. To transact any business that may lawfully come before said meeting.

Given under our hands at Groveton this 19th day of February, 1986.

TRANSMITTAL AND COMMENTARY LETTER

Northumberland School Board
Northumberland School District
Northumberland, New Hampshire

Gentlemen:

We have examined the general purpose financial statements of the Northumberland School District for the year ended June 30, 1985 and have issued our report thereon dated October 4, 1985. As part of our examination, we made a study and evaluation of the system of internal accounting control of the Northumberland School District. The study and evaluation was made to the extent necessary to evaluate the system as required by: generally accepted auditing standards; standards for financial and compliance audits contained in the U. S. General Accounting Office's Standards for Audit of Governmental Organizations, Programs, Activities and Functions; and, the Single Audit Act of 1984.

For the purpose of this report, we have classified the significant internal accounting controls in the following categories: General Ledger, Budget, Cash Receipts, Cash Disbursements, Purchasing and Receiving, Payrolls, Revenue and Receivables, Expenditures, Prepaids and Accruals, and Formal Debt.

Our study included all of the control categories listed above except that we did not evaluate the accounting controls over: Revenue and Receivables, Expenditures, Prepaids and Accruals, Formal Debt - because we conclude that it is more efficient to expand substantive tests in these categories and place very little reliance on internal controls.

The purpose of our study and evaluation was to determine the nature, timing and extent of performing the auditing procedures necessary for expressing an opinion on the District's general purpose financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal control taken as a whole or on any of the categories of controls identified above.

The management of the Northumberland School District is responsible for establishing and maintaining a system of internal accounting control. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures. The objectives of a system are to provide management with reasonable, but not absolute, assurance that assets are safeguarded against loss from unauthorized use or disposition, the Northumberland School District is managing its federal financial assistance programs in compliance with laws and regulations, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles.

Because of inherent limitations in any system of internal accounting control, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of the system to future periods is subject to the risk that

procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of the Northumberland School District taken as a whole or on any of the categories of controls identified in the first paragraph. However, our study and evaluation disclosed no conditions that we believe would result in more than a relatively low risk that errors or irregularities in amounts that would be material in relationship to the financial statements of the Northumberland School District may occur and not be detected within a timely period.

This report is intended solely for the use of management and should not be used for any other purpose.

Very truly yours,

David J. Driscoll & Company
Certified Public Accountants

REPORT OF THE SUPERINTENDENT

An Italian army officer in World War I, Vilfredo Pareto, upon reentering civilian life after the war, became an economist of some note with a simple but precise economic theory that has much validity today. His theory, called Pareto Optimality, measures the trade-off value between any two conditions or commodities, and explains how a consumer will pay a higher price for a desired item as long as he can still afford a second item. If one price rises too high, or if both prices increase and exceed the optimum consumer's buying power, he must then make a choice based not on economics but on what he personally values most in each item.

Every year the taxpayers of New Hampshire must make a choice that measures how much they value education compared to how much they are willing to pay for education. In very few cases, in fact in only two or three very wealthy towns in this state, can taxpayers have the luxury of not worrying about what the cost of education does to the tax rate. Most towns and taxpayers live in the real world, and the school districts of SAU 58 are no exceptions. So it then becomes a choice not of education or town services, of education or family expenditures, of education or lower tax bills. It is really a choice of conscience between education or the future quality of life for our children.

How easy it is to yield to the temptation to ignore that future! Education is an intangible commodity, a zero profit venture, a loss operation. When you pay your school taxes, that is, when you buy education for children, the schools do not hand you the very next day a solid item for your home like a washing machine or TV dish antenna or new car or a year's supply of fuel. What we do give you is a link to the future, an investment in the potential of your children, a belief that our young citizens today can become happy, productive, compassionate, thoughtful citizens tomorrow.

Perhaps the greatest difficulty educators face today is in selling that uncertain future. A brief look back over the last twenty five years is enough to show that social and economic changes have taken place so dramatically in our nation that there is little likelihood of making accurate predictions for the year 2009, a time when today's kindergarten child will be earning his living, establishing his family, making his future. Most types of jobs today will be museum pieces then. Tomorrow's workplace will certainly not resemble today's factory or office or store. The depth of uncertainty of that near future is enough to unsettle the most far-seeing planners, and it is small wonder we become anxious to the point of discouragement when we contemplate how our children will get along. Some fairly accurate facts point out what is happening now, and what is likely to happen:

- The traditional nuclear family of father, mother, and two-and-one-half children is a myth--only 11% of the American population fits that description anymore.
- Gone is the Saturday auto mechanic who can tune his own car; who dares challenge alone the bewildering array of electronics and emission mechanisms on today's auto?
- The major demographic shifts and influx of new immigrants will put "white, anglo-saxon" American stock in a 49% minority by 2005.

-Where is the previously guaranteed reality of a home with a picket fence and two-car garage--the old American Dream--for every young family?

-Who even remembers railroad passenger trains today?

Indeed, in the face of present and future changes, there emerges only one constant in our culture: the need to guarantee the continuity of civilization by maintaining the links of education for all citizens from the past to the future. When you make your financial decisions on school matters, be aware that your choice will have a profound effect, and can forge those links or sever them. When you vote on a school budget, keep in mind the optimum choice you must make between serving a need for instant gratification or the far-reaching foundations for children in the next century. We can't change the conditions of Pareto's theory; we will always be faced with the forced choices of investments in tangible commodities or in morally correct value judgements that have no apparent immediate rewards.

The philosopher and psychologist Carl Jung once wrote that the meeting of two conflicting conditions is like mixing two chemical substances, "if there is any reaction, both are transformed". Let us continue to rely on the willingness of a concerned, informed public to submit its needs and values to the crucible of change and through education to transform the future for our children.

Respectfully submitted,

Charles J. Micciche
Superintendent of Schools

GROVETON ELEMENTARY SCHOOL

The September 1985 school enrollment for Groveton Elementary School was 292 pupils in grades K - 6 which was approximately the same as the September 1984 enrollment of 290 pupils.

During the 1985-86 school year major energy renovations and maintenance projects were completed at Groveton Elementary School. The two major projects involved the rewiring of the 1908 building and the installation and updating of the fire alarm warning system. Both projects will assist in meeting the new N. H. codes for safety and fire prevention. To complete the energy project, storm windows were installed in the 1959 wing and suspended ceilings were placed in all classrooms in the 1908 building.

The present building, which was constructed in 1908 with an 1959 addition, is presently being used to full capacity with classrooms, programs, and services from the basement area to the third floor. There are fourteen basic classrooms for our K - 6 and special education programs. In addition, we have smaller rooms for the special education resource room Title I tutoring program, nurse's room, library, speech room, and office space. The cafeteria-kitchen area and storage areas are also located in the main building.

In the area of curriculum, the Elementary School has revised the basal reading program in grades K - 4 and a new social studies program in grades 4 - 6. As a result of recent curriculum reviews, our school now has new updated programs in the basic curriculum areas of reading, English, math, science, and social studies.

Each N. H. public elementary school has to meet a set of state minimum standards. Each year our school completes a report and application for approval. The schools are placed in any one of four categories depending on the number of approved standards met by each school. G. E. S. for 1985-86 was placed on Category III, meeting thirty of the forty standards. We fail to meet minimum standards in the areas of staff and services for the Elementary school library, guidance services, art, and music.

Public Law 91-142 provides for the free and appropriate education of handicapped children.

At the present time, Groveton Elementary School has two alternative educational programs for special education children. The resource room provides a program for about twenty-five children with learning disabilities. The twenty-five children are placed in regular classrooms with special programs, materials, and an individual education plan. The children are scheduled for periods of time with the special education teacher depending on the pupil's needs and individual plan. The second program is a self-contained classroom for multi-handicapped youngsters. The pupils in this unit are also mainstreamed to regular programs but do spend over fifty per cent of their time in the self-contained room. In addition, speech and language therapy, psychological counseling and testing, occupational therapy are provided to some of the special education children as deemed appropriate.

Chapter I or Title I is a federally funded program which provides tutoring for children who need extra small group help in language arts or mathematics. For this year approximately fifth children will receive extra help in the important basic skill areas of math, reading, writing, spelling and phonics. The Title I staff works with the classroom teachers to provide small group instruction for the improvement of the basic skills in language arts and mathematics.

In addition to Title I, the school district also provides a remedial reading program for youngsters in grades 2 - 6 who need the small group attention and extra help in the important skill of reading.

The educational challenges and expectations to face the community of Groveton are many and in some cases very complex. The faculty and support staff of G. E. S. continues to be dedicated and concerned with a quality and balanced educational program for the youth of Groveton.

The educational issues and concerns will need both short term and long term attention and planning. Therefore, it is very important for the school, parents, and community to continue to work together to meet the changing needs of our students and the community.

Respectfully submitted,

Thomas J. Monahan
Elementary School Principal

GROVETON HIGH SCHOOL

As of September, 1985, Groveton is once again operating on a full curriculum except for art. Teaching and learning conditions are still substandard. The library is being used for three classes and some classes meet on the stage. The science classes are unable to conduct experiments and three teachers alternate in two laboratories. The list could go on and on, but the sight of the new building and the changes that are visible on a daily basis assure us that the effects of the fire will soon be a memory.

Academically, students at Groveton High School are still receiving a quality education. Fifty per cent of last year's graduating class went on to post-secondary education. Starting with this year's freshman class, students will have to earn twenty credits to graduate. The new state minimum standards require 19 3/4 credits and our school board has mandated that this be rounded off to twenty credits.

All students will have to have two units of science instead of one, and courses in health, computers, and economics that are new to us this year. This will mean that, as of 1989, graduates will have a broader education than they have had in the past.

The fear that the less capable students will not graduate is unfounded. We have added science, math, and social studies courses for the student population struggling to pass. Our course offerings for the average student are varied, as are the offerings for the college-bound individual.

As with all small schools, we are working diligently to meet the requirements of the new state minimum standards. The phase-in dates for these standards are staggered and must be complete by September, 1988. It is a widely accepted belief that Groveton High School will meet these deadlines and continue to press forward with quality education.

Sincerely,

A. W. St. Cyr, Ph. D.
Groveton High School Principal

RIGHTS OF PARENTS OR GUARDIANS

As the parent or guardian of a child who may require or who is receiving special education and/or related services, you have the following rights:

- * You have a right to have access to and examine all records relating to your child's education.
- * You have a right to receive prior written notice whenever the local educational agency proposes to begin or change the special education referral, evaluation and/or educational placement of your child. You also have a right to give your written consent before initial special education placement and before any individual evaluation of your child.
- * You have a right to question any matter, decision or recommendation relating to your child's referral, evaluation or educational placement.

- * You have a right to request an independent educational evaluation of your child if you disagree with the evaluation obtained by the local educational agency. If your request is accepted, the evaluation will be conducted by a certified or licensed professional examiner who is independent of the local educational agency and will be performed at not cost to you. Should your request be denied, you have a right to appeal this decision as described below.
- * If you have any complaints regarding the referral, evaluation or educational placement of your child, you have a right to meet with the school board. If an agreement is unable to be reached, you have the right to an impartial hearing conducted by a state appointed due process hearing.
- * At this hearing you have the right to be assisted by person(s) with special knowledge or training, or by an attorney, and the right to present evidence and confront, cross-examine and compel the attendance of witnesses.
- * After this hearing, you have the right to a written or electronic verbatim recording of such hearing. You have the right to obtain written findings of fact and decisions of the hearing at no cost.
- * If the decision of the impartial hearing at the local level is not acceptable to you, you have the right to appeal this decision to the State Board of Education or Civil Court.
- * During any of the hearing or appeal procedures your child shall remain in the current educational program or, if applying for initial admission to the public school, shall be placed in a regular program until all proceedings have been completed, unless you and the school officials agree otherwise.

**Title IX of the Education Amendments of 1972
Public Law 92-318**

Subpart A, Section 86.8 of Title IX requires public notification that the Northumberland School District does not discriminate in their educational programs, activities, or employment practices on the basis of race, language, sex, age, or handicapping condition under the provisions of Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; and the Education of All Handicapped Children Act of 1975. The Northumberland School District hereby notifies students, parents, employees and residents that complaints and grievances for noncompliance with any of the provisions of Title IX are to be referred to:

Charles J. Micciche
Title IX Hearing Officer
